Re: Application for property address

Dear agent's name ,

Thank you for showing us property address on inspection date . We'd love to make it our home: one specific thing you liked, e.g. the morning light in the kitchen, the walk to the station .

We are names , a short description: e.g. a couple who both work full-time in the city . Number people will live in the home , plus our dog, whose pet resume is attached .

Name has worked as a role at employer for time , and together our income after tax is amount a week. Our rent ledger shows time of on-time payments at current address .

We look after the places we rent: our current agent/landlord , name , is happy to be contacted on phone .

We can move in from date and would like a length lease. Thank you for considering our application.

Kind regards,
